**VW INTERNATIONAL OPENS OFFICE IN GREER**

(Greer, South Carolina) The **Greer Development Corporation (GDC)** is pleased to announce that VW International Inc. (VWI) has opened a support office in downtown Greer. VWI specializes in planning design/construction management; equipment acquisition; and operation management of facilities.

VWI's engineering and facilities management expertise supports their constant efforts to be responsive to ever changing codes, criteria and accreditation requirements without the cost burden of maintaining a full-time technical staff.

Buddy Henderson, a native of Greenville, SC serves as the Director of Operations & Maintenance. Henderson stated "I am pleased that VWI chose to open the support office in Greer. Most of our contracts are with the State and Federal Government, but this move allows VWI to establish a presence in the Southeast". Henderson also stated that the company could create 1-2 full time positions in the future.

VW International, Inc was founded in 1989 as a private business corporation in Alexandria, VA. Their primary focus is the development of innovative and cost-effective solutions to client's facility-related challenges.
