America's Lighting Opens Retail Showroom in Greer

(Greer, South Carolina) The Greer Development Corporation is pleased to announce that **America's Lighting LLC** has opened its new public showroom and sales facility at 3271 Brushy Creek Road in Greer. The 4,000 square-foot center, a unique new concept in residential lighting display and sales, is the first of its kind in the area.

Located across from Fresinius Medical Care/Greer Dialysis near Henderson Gap Road, **America's Lighting** has moved from their previous location on Woodruff Road, where they served the need of contractors for 15 years, in order to expand their service to the public and contractors alike.

Locally owned and operated, Greer resident and general manager Fred Shealy says giving the customer choices is important. "We're excited to offer the public a huge variety of quality lighting and residential products by more than 20 different manufacturers, many of whose products are American-made and available in the Upstate only through **America's Lighting**."

Shealy adds that customers will be able to see for themselves how lighting and other furnishings might enhance their homes by browsing the showroom's unique kitchen, bath, "green" and outdoor landscape areas. "We have two in-house lighting specialists, Sharon Fowler and Judy Tyler, who are ready to give our retail customers the same high-quality service for which **America's Lighting** has earned such a strong reputation with the commercial customers we already serve. We have hundreds of fixtures on display to suit different styles and price ranges, and we can special order items as well."

In addition to nearly 500 light fixtures, **America's Lighting** has home theater and speaker systems for home entertainment, and is associated with Stenibac Cabinets and Carolina Foothills Studio for custom cabinets and counter tops to complement any type of lighting or complete your décor plan.

"We certainly appreciate the investment in Greer by **America's Lighting**," according to Wryley Bettis, Chairman of the Board of the Greer Development Corporation. "I have known the people involved in this venture for a long time, and I know the great customer service they give. This distinctive showroom and massive warehouse are certainly a reflection of the tremendous investment that they have put into the Greer community, and we look forward to a long and successful relationship."

America's Lighting is open Monday, Wednesday and Friday 8-5:30, Tuesday and Thursday 8-7:30, and Saturday 9-12noon. For further information, contact Fred Shealy at (864) 877-0620, or visit our website at www.americaslightingllc.com.
